Bratislava airport can be reached from the city centre in 15–20 minutes. To get to the city center you can take a taxi – do not forget to ask about the price in advance or use HOPIN, Bolt or Uber mobile app.

For the majority of journeys to and from the airport, a 60-minute ticket is recommended. When travelling from the airport to the railway station or vice versa on route 61 with no transfers, it is enough to purchase a 30-minute ticket. A 0.35 € (15-minute discounted ticket) is necessary for luggage and is valid for 180 minutes, in spite of being a 15-minute ticket only if purchased for a passenger.

Both single and multi-journey time-limited tickets can be purchased in red ticket machines at the arrival terminal of the airport.

Bike

Intracity cycling infrastructure is very limited to few separate, unconnected lanes or bidirectional paths. So don't be afraid and bike on the roads with cars!

There is the bike sharing system and you can choose from different companies like **Slovnaftbajk** or **Rekola**.

If you are not afraid of cruising around Bratislava, we can also recommend the sharing scooter **bolt**.

Walk

Bratislava is a small city, so for the brave we recommend a short walk. It takes about 55 minutes from the city center and it can be a nice walk around the interesting architecture.
